

Request for Survey Participation

English education in Japan is experiencing an expansion in primary and secondary education. In addition, radical changes are occurring in the university entrance examination system. Under such circumstances, it is urgent for JACET as a professional organization to investigate the current status of English education at the tertiary level. In the past, JACET has conducted three surveys, and we, members of the Fourth Survey Committee, would like to ask for your participation in this new, important survey.

【Purposes】 The aim of the survey is to obtain data about the content and manner in which English education in Japan is conducted at the tertiary level. The results of the survey will be analyzed with regard to curricular principles and government education policies. Finally, suggestions for improving tertiary English education will be presented.

【Expected time of completion】 Approximately 15-20 minutes

【Extended Deadline】 Saturday, 15 October, 2017

【Participation】 Not only members but also non-members are encouraged to participate in the survey by clicking the following links.
