Foreword (Masaki Oda)	1	Reports from Chapters	4
Report from Headquarters	2	Condolences to Dr. Aikawa Obituary	17 18

Foreword

Masaki Oda, PhD
President of JACET
(Tamagawa University)

In December 2022, JAAL in JACET was held in Ritsumeikan University in Ibaraki, Osaka. It was the first national-level JACET event in which presenters, participants as well as supporting members exhibition were present on site in three years. This will be followed by the 4th JACET joint seminar in March. These two hybrid events serve as a transition to the 62nd International conference in August, which will be the first

completely face to face event since the 59th International in Nagoya in August 2019. While it returns to the traditional format, we will take advantage of our experience in organizing online conferences in the last few years.

As we have reported its progress in previous issues, JACET is planning to undergo a major reorganization of its administrative structure and optimize the size of committees to the current

state of the organization, while complying with the law and regulations governing *Ippan shadan hojin* (The General Incorporated Association) status. We will give you the details later, but we are aiming at combining committees on International convention and seminars. Publications and awards, Research proportion and academic affairs. This reorganization should help, particularly small chapters, as the number of officers each chapter is requested to elect, will be reduced. While various redundant committee duties will be streamlined and redistributed as necessary. We will keep you posted and hopefully the proposal will finally be voted at the general *Shain* meeting in June.

I believe that most of you are busy for the new academic year. We wish you a good, productive 2023 academic year and hope that JACET can help you in many ways.

Report from the JACET Headquarters

Secretary General
Chiaki Baba
(Teikyo University of Science)

We thank all of you for your academic and practical effort and contributions to JACET's progress throughout the year.

In 2022, JACET conducted various conferences, seminars, and other events. Among them, the JACET 61st International Convention was held online. It was a grateful opportunity for participants to interact,

communicate, and cultivate new connections among researchers. In December, the 5th JAAL in JACET 2022 was held at Ritsumeikan University and online. It had been a fruitful opportunity to communicate face-to-face. In March, JACET 4th Joint Seminar (49th Summer Seminar & 10th English Education Seminar) will be held at Bunkyo University and Online.

At the end of 2022, we had the fifth election for *shain*. Seventy-three new *shain* and 24 substitute *shain* were elected, and their term is from April 1, 2023 to March 31, 2024. The list of *shain* is on the JACET website.

In 2023, JACET will safely and securely host many conferences, seminars, and other events. We would like all JACET members to make the most of the opportunities for professional development and fruitful communication. The JACET 62nd International Convention is to be held at Meiji University, Tokyo, from August 29 to 31 under the theme "Reframing Collaboration in Language Education and Beyond." The 50th Summer Seminar will be held at Meiji University on August 26 and 27. And the 11th JACET English Education Seminar will be held in March. The schedule of the major events of headquarters in the academic year 2023 is listed below. Detailed information on these events in 2023 will be announced on the JACET website.

Condolences to Dr. Aikawa

Masaki Oda, PhD
President of JACET

On December 3rd, I went to JAAL in JACET 2022 in Osaka. As I had some university duties in the morning, I had asked Dr. Masao Aikawa, who was the chair of the event to deliver its opening address. When I arrived at the venue, he came to greet me with his usual smile. This was the first time I have met him in person for more than three years. We sat down and tried to discuss various issues in JACET's international collaborations which we had routinely exchanged ideas for a long time. We had worked together in International affairs committee and academic affairs committee for two decades while occasionally we had talked about music, Chinese cuisine and cats. We promised that we would meet at our board meeting two weeks later. Instead, he passed away on the day of our board meeting at the age of 54.

A very humble reliable, responsible person who has always been able to complete complicated tasks carefully step by step with smiles. I still cannot imagine any JACET international activities without his presence. We have gone through various difficulties in international affairs together but we are unable to ask the most reliable advisor what to do with this difficulty.

Thank you very much Aikawa-sensei. Rest in Peace, and I tell you NOT to work too hard in the heaven.
